CLEA DINNER CANCELED

If you were looking forward to the annual Cedar Lake Enhancement Chicken Dinner this Nov. 7, we must tell you it has been canceled.

Robert Gross, who has headed the organization since its incep-

tion more than 14 years ago said the Army Corp of Engineers has recommended one design for improving the water conditions of the lake (dredging) and the Cedar Lake Town Council has suggested another design.

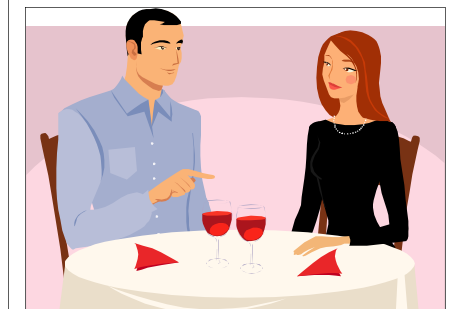

Gross said once the design has been determined a “detailed project report” (DPR) will be ready and the public will be notified. At that time, a CLEA meeting will be held to discuss the work. Meanwhile, other smaller projects are being completed around the lake.
